**Newport Corporation
Photonics and Precision Technologies Division
Statement on RoHS Directive Compliance**

Newport Corporation is dedicated to compliance with the European Union Waste Electrical and Electronic Equipment, 2002/96/EC (WEEE) and Restriction of Hazardous Substances, 2002/95/EC (RoHS) Directives. It is our intent to accomplish this compliance in a manner that preserves the highest levels of product quality and value for our customers.

Newport will comply with the RoHS Directive within the timeline and constraints of the directive. At this time, all products manufactured and sold by Newport's Photonics and Precision Technologies Division which are classified as EEE are included under Category 9 (Monitoring & Control Instruments) and are not within the scope of the RoHS requirements; however, all such other products are in compliance with the RoHS requirements.

The following Newport Optical Power Meter and Detector models are compliant to the 2002/95/EC Directive:

1916-R
1917-R
1830-R
1936-R/2936-R
841-P-USB
842-E-USB
843-R
843-R-USB
918D-UV-OD3R
918D-SL-OD1R, 918D-SL-OD2R, 918D-SL-OD3R
918D-IG-OD1R, 918D-IG-OD2R, 918D-IG-OD3R
918D-IR-OD1R, 918D-IR-OD2R, 918D-IR-OD3R
918D-ST-SL
918D-ST-UV
918D-ST-IR
919P Series Thermopile Sensors
